FHRTE0100 – Employee Time Entry

This transaction captures time entry data for a specific employee and can associate the time entry to a sub-ledger or general ledger account. The Employee Transactions Batch File (F06116Z1) is updated.

The following conditions apply to the RFgen implementation for the Information Entry transaction within the EnterpriseOne environment.

Note: any of these parameters may be easily adjusted to meet the unique requirements of your company.

✓ Validations

Prompt	Table	Field
Badge#	F060116	YAAN8
Pay Type	F069116	YCPDBA
W/O#	F4801	WADOCO
Eq Wrk	F1201	FANUMB
Eq Usd	F1201	FANUMB
Eq Obj	F0901	GMOBJ
Account	F0901	GMMCU, GMOBJ, GMSUB

✓ Edits

Condition	Table
Hours must be numeric	N/A

↔ Function Keys

Key	Function
F1	Search Data for Current Field
F2	Refresh the Current Screen Display
F3	
F4	Exits Transaction

Considerations

1. What additional data should be captured during time entry?

How JD Edwards® Processing Option affects RFgen

This documentation explains which of the JDE Processing Options are used by RFgen and how the red highlighted Proc.Options effect the RFgen script.

Affected RFgen Forms and Transaction Macros

Description	Form Name	Transaction Macro Name
HR – Time Entry (Single Line)	FHRTE0100	

Setup an RFgen Menu

To implement an RFgen Form using JDE Processing Options in an RFgen Menu the JDE Version needs to be specified.

Enter the Form name, followed by a Space. Enter “-Vers=” and the JDE Version.

Form/Menu	Description to Display
FHRTE0100	HR - Time Entry (Single Line)

Test Script Description: Time Entry (Single Line)

RFgen Input Requirements

Before you begin testing, ensure, for the combination of branch/plant(s) and item(s) you will be testing, that the following is setup in EnterpriseOne or PeopleSoft World.

- a. Employee
- b. Pay Type
- c. Company
- d. Business Unit
- e. Object Account
- f. Subledger
- g. Equipment Account

Execution Procedures

ID	Test Case	Expected Result	Pass	Fail
1	Type in a Badge _____ Press the ENTER key	RFGEN will validate and accept the badge number entered—if the badge number is invalid, an error message will be displayed.		
2	Type in a Date _____ Press the ENTER key	RFGEN will validate and accept the date entered—if the date is invalid, an error message will be displayed.		
3	Type in a Pay Type _____ Press the ENTER key	RFGEN will validate and accept the pay type entered—if the pay type is invalid, an error message will be displayed.		
4	Type in Hours _____ Press the ENTER key	RFGEN will validate and accept the hours entered—if the hours are invalid, an error message will be displayed.		
5	Type in a Work Order _____ Press the ENTER key	RFGEN will validate and accept the work order number entered—if the work order number is invalid, an error message will be displayed.		
6	Type in Equipment Worked _____ Press the ENTER key	RFGEN will validate and accept the equipment worked entered—if the equipment worked is invalid, an error message will be displayed		
7	Type in Equipment Used _____ Press the ENTER key	RFGEN will validate and accept the equipment used entered—if the equipment used is invalid, an error message will be displayed		
8	Type in Equipment Object _____ Press the ENTER key	RFGEN will validate and accept the equipment object entered—if the equipment object is invalid, an error message will be displayed		
9	Type in an Account _____ Press the ENTER key	RFGEN will validate and accept the account number entered—if the account number is invalid, an error message will be displayed		
10	Press the “F1” key with the cursor in the Pay Type field to select and return a pay type.	RFGEN will display a list of pay types and when selected, the pay type will be returned to the Pay Type field—if the pay type is invalid, an error message will be displayed,		

11	Press the "F1" key with the cursor in the W/O# field to select and return a work order number.	RFGEN will display a list of work order numbers and when selected, the work order number will be returned to the W/O# field—if the work order number is invalid, an error message will be displayed,		
12	Press the "F1" key with the cursor in the Eq Wrk field to select and return an equipment number.	RFGEN will display a list of equipment numbers and when selected, the equipment number will be returned to the Eq Wrk field—if the equipment number is invalid, an error message will be displayed,		
13	Press the "F1" key with the cursor in the Eq Usd field to select and return an equipment number.	RFGEN will display a list of equipment numbers and when selected, the equipment number will be returned to the Eq Usd field—if the equipment number is invalid, an error message will be displayed,		
14	Press the "F1" key with the cursor in the Eq Obj field to select and return an equipment object account.	RFGEN will display a list of equipment object accounts and when selected, the equipment object account will be returned to the Eq Obj field—if the equipment object account is invalid, an error message will be displayed,		
15	At the RFGEN "Enter to Accept Prompt" the transaction is added to the Enterprise One/PeopleSoft World	Confirm the information entry results
